

Medication Authorization Form

Girl Scout regulations prohibit Camp medics from dispensing or using any prescriptions or over-the-counter medications without written consent from parents or guardians. If Day Camp does not have permission for these medications, the Camp Medic must call the parent or guardian (regardless of the time of day) to obtain permission. The medications listed below are available to the Medic for use by adults or girls for whom we have written permission. Please read each item below and indicate whether or not you give permission for the Camp Medic to give it to your daughter/son.
